AUTHOR INDEX

Abu-Samra, M.T., *see* Ibrahim, K.E.E. and Abu-Samra, M.T.
Aluja, A., *see* González, D. et al.
Anderson, G.A., *see* Rhodes, M.B. et al.
Baker, P.K., *see* Rhodes, M.B. et al.
Blackburn, B.O., *see* Kuttler, K.L. et al.
Bisset, S.A., Marshall, E.D. and Morrison, L. (Upper Hutt, New Zealand)
Economics of a dry-cow anthelmintic drenching programme for dairy cows in New Zealand. Part 1. Overall response in 47 herds 107
Bisset, S.A., Marshall, E.D. and Morrison, L. (Upper Hutt, New Zealand)
Economics of a dry-cow anthelmintic drenching programme for dairy cows in New Zealand. Part 2. Influence of management factors and other herd characteristics on the level of response 119
Bobade, P.A. and Nash, A.S. (Glasgow, Gt. Britain)
A comparative study of the efficiency of acridine orange and some Romanowsky staining procedures in the demonstration of *Haemobartonella felis* in feline blood 169
Boisvenue, R.J., Colestock, E.L. and Hendrix, J.C. (Greenfield, IN, U.S.A.)
Anthelmintic activity of continuous low doses of fenbendazole into the rumen of sheep ... 321
Cabaret, J. (Monnaie, France)
Natural infection of land-snails by protostrongylids on a pasture grazed by sheep in the Rabat area of Morocco 297
Canning, E.U., *see* Winger, C.M. et al.
Charleston, W.A.G., *see* McKenna, P.B. and Charleston, W.A.G.
Christensen, D.L., *see* Rhodes, M.B. et al.
Colestock, E.L., *see* Boisvenue, R.J. et al.
Culverhouse, J.D., *see* Winger, C.M. et al.
Dawley, S.W., *see* Richards, L.S. et al.
De Chaneet, G.C. (Bunbury, W.A., Australia) and Dunsmore, J.D. (Murdoch, W.A., Australia)
Climate and the distribution of intestinal *Trichostrongylus* spp. of sheep 273
De Saram, W.G., *see* O'Donoghue, P.J. et al.
Dipietro, J.A., *see* Paul, A.J. et al.
Douvres, F.W., *see* Gasbarre, L.C. and Douvres, F.W.
Dubey, J.P. (Bozeman, MT, U.S.A.)
Lesions in sheep inoculated with *Sarcocystis tenella* sporocysts from canine feces 237
Dunsmore, J.D., *see* de Chaneet, G.C. and Dunsmore, J.D.
Endris, R.G., *see* Hess, W.R. et al.
Flisser, A., *see* González, D. et al.
Foreyt, W.J. (Pullman, WA, U.S.A.)
Efficacy and safety of albendazole against experimentally induced *Fasciola hepatica* infection in goats 261
Foreyt, W.J. (Pullman, WA, U.S.A.)
Efficacy of a fenbendazole–triclabendazole combination against *Fasciola hepatica* and gastrointestinal nematodes in sheep 265
Ford, G.E. (Adelaide, S.A., Australia)
Hosts of two canid genera, the red fox and the dog, as alternate vectors in the transmission of *Sarcocystis tenella* from sheep 13

Frankena, K., *see* Kloosterman, A. and Frankena, K.
Franssen, F.F.J., *see* Uilenberg, G. et al.
Gasbarre, L.C. and Douvres, F.W. (Beltsville, MD, U.S.A.)
Protection from parasite-induced weight loss by the vaccination of calves with excretory-secretory products of larval *Oesophagostomum radiatum* 95
Ghosal, S.B., Joshi, S.J. and Shah, H.L. (Jabalpur, India)
Development of sarcocysts of *Sarcocystis levinei* in water buffalo infected with sporocysts from dogs 165
Gipson, C.A., *see* Kuttler, K.L., et al.
Goff, W.L., *see* Kuttler, K.L. et al.
González, D., Rodríguez-Carbajal, J., Aluja, A. and Flisser, A. (Mexico City, Mexico)
Cerebral cysticercosis in pigs studied by computed tomography and necropsy 55
Grønvold, J., *see* Nansen, P., et al.
Haslett, T.M., *see* Hess, W.R. et al.
Hendrix, J.C., *see* Boisvenue, R.J. et al.
Henriksen, S.A., *see* Nansen, P. et al.
Hess, W.R., Endris, R.G., Haslett, T.M., Monahan, M.J. (Greenport, NY, U.S.A.) and McCoy, J.P. (Gainesville, FL, U.S.A.)
Potential arthropod vectors of African swine fever virus in North America and the Caribbean Basin 145
Hoberg, E.P., *see* Richards, L.S. et al.
Hutchinson, G.W., *see* Mfitilodze, M.W. and Hutchinson, G.W.
Ibrahim, K.E.E. and Abu-Samra, M.T. (Khartoum, Sudan)
Experimental transmission of a goat strain of *Sarcoptes scabiei* to desert sheep and its treatment with ivermectin 157
Irvin, A.D., *see* Morzaria, S.P. et al.
Joshi, S.J., *see* Ghosal, S.B. et al.
Jura, W.G.Z.O. (Kikuyu, Kenya)
The effect of the host lymphocyte lysosomal system on the developing intracellular *Theileria annulata* sporozoites 189
Kloosterman, A. and Frankena, K. (Wageningen, The Netherlands)
Interactions between lungworms and gastrointestinal worms in calves 305
Kuttler, K.L., Goff, W.L., (Pullman, WA, U.S.A.) Gipson, C.A. (Hyattsville, MD, U.S.A.) and Blackburn, B.O. (Ames, IA, U.S.A.)
Serologic response of *Babesia equi*-infected horses as measured by complement fixation and indirect fluorescent antibody tests 199
Marshall, E.D., *see* Bissett, S.A. et al.
McCoy, J.P., *see* Hess, W.R. et al.
McDermott, S., *see* O'Donoghue, P.J. et al.
McKenna, P.B. and Charleston, W.A.G. (Palmerston North, New Zealand)
Evaluation of a concentration method for counting *Sarcocystis gigantea* sporocysts in cat faeces 207
McKenna, P.B. and Charleston W.A.G. (Palmerston North, New Zealand)
Recovery of *Sarcocystis gigantea* sporocysts from cat faeces 215
Mfitilodze, M.W. and Hutchinson, G.W. (Townsville, Qld., Australia)
Development of free-living stages of equine strongyles in faeces on pasture in a tropical environment 285
Monahan, M.J., *see* Hess, W.R. et al.
Morrison, L., *see* Bisset, S.A. et al.
Morzaria, S.P., Irvin, A.D., Voigt, W.P. and Taracha, E.L.N. (Nairobi, Kenya)
Effect of timing and intensity of challenge following immunization against East Coast fever 29

Nadakal, A.M., *see* Rajendran, M. and Nadakal, A.M.
Nansen, P., Grønvold, J., Henriksen, S.A. and Wolstrup, J. (Frederiksberg, Denmark)
Interactions between the predacious fungus *Arthrobotrys oligospora* and third-stage larvae of a series of animal-parasitic nematodes 329
Nash, A.S., *see* Bobade, PA. and Nash, A.S.
Nelson, M.J., *see* Richards, L.S. et al.
O'Donoghue, P.J., Tham, V.L., de Saram, W.G., Paull, K.L. and McDermott, S. (Adelaide, S.A., Australia)
Cryptosporidium infections in birds and mammals and attempted cross-transmission studies 1
Ouhelli, H. and Schein, E. (Berlin, F.R.G.)
Effect of temperature on transovarial transmission of *Babesia bigemina* (Smith and Kilborne, 1893) in *Boophilus annulatus* (Say 1821) 229
Paul, A.J., Todd, K.S.Jr. and Dipietro, J.A. (Urbana, IL, U.S.A.)
Environmental contamination by eggs of *Toxocara* species 339
Paull, K.L., *see* O'Donoghue, P.J. et al.
Perié, N.M., *see* Uilenberg, G. et al.
Rajendran, M. and Nadakal, A.M. (Kerala, India)
The efficacy of Praziquantel (Droncit R) against *Raillietina tetragona* (Molin 1858) in domestic fowl 253
Rhodes, M.B., Baker, P.K. Christensen, D.L. and Anderson, G.A. (Lincoln, NE, U.S.A.)
Ascaris suum antigens incorporated into liposomes used to stimulate protection to migrating larvae 343
Richards, L.S., Zimmerman, G.L., Weber, D.W., Nelson, M.J., Schons, D.J. (Corvallis, OR, U.S.A.) and Dawley, S.W. (Kenilworth, NJ, U.S.A.)
Anthelmintic efficacy of netobimin against naturally acquired gastrointestinal nematodes in yearling heifers 79
Richards, L.S., Zimmerman, G.L., Nelson, M.J., Schons, D.J. (Corvallis, OR, U.S.A.) and Dawley, S.W. (Kenilworth, NJ, U.S.A.)
The anthemintic efficacy of netobimin against experimental infections of *Fasciola hepatica* in sheep 71
Richards, L.S., Zimmerman, G.L., Hoberg, E.P., Schons, D.J. (Corvallis, OR, U.S.A.) and Dawley, S.W. (Kenilworth, NJ, U.S.A.)
The anthelmintic efficacy of netobimin against naturally acquired gastrointestinal nematodes in sheep 87
Rodríguez-Carbajal, J., *see* González, D. et al.
Rommel, M. (Hannover, F.R.G.)
Book review of *Toxoplasmosis in Sheep — A Review and Annotated Bibliography* 173
Schein, E., *see* Ouhelli, H. and Schein, E.
Schons, D.J., *see* Richards, L.S. et al.
Shah, H.L., *see* Ghosal, S.B. et al.
Taracha, E.L.N., *see* Morzaria, S.P. et al.
Tham, V.L., *see* O'Donoghue, P.J. et al.
Todd, K.S. Jr., *see* Paul, A.J. et al.
Uilenberg, G., Franssen, F.F.J. and Perié, N.M. (Utrecht, The Netherlands)
Relationships between *Cytauxzoon felis* and African piroplasmids 21
Varghese, T. (Papua New Guinea)
Endoparasites of birds of paradise in Papua New Guinea 131
Voigt, W.P., *see* Morzaria, S.P. et al.
Weber, D.W., *see* Richards, L.S. et al.

Winger, C.M., Canning, E.U. and Culverhouse, J.D. (London, Gt. Britain)
Induction of protective immunity to *Babesia divergens* in Mongolian gerbils, *Meriones unguiculatus*, using culture-derived immunogens 43
Wolstrup, J., *see* Nansen, P. et al.
Zimmerman, G.L., *see* Richards, L.S. et al.
